THE INDIAN WAR.

TROOPS BEING RAPIDLY FORWARDED TO THE FRONT.

The Agent and Employees of the Los Pinos Agency Killed—Chief Ouray's Order to his Tribe.

DODGE CITY, Kansas, Oct. 5.—Company A 19th infantry, Lieutenant Spencer commanding, left here last night for Fort Lyon, Colorado, there to await the orders of four com panies of the same regiment, which are held at Dodge, ready to leave at a moment's notice. Company G 19th infantry, mounted, Captain Bradford commanding, has left Fort Dodge to proceed to Otero, N. M. These movements are to frustrate hostile demonstrations of the southern Utes, and other bands in Colorado and New Mexico.

NO NEWS SUNDAY.

RAWLINS, Oct. 5.—Painful silence still continues, not a word has been heard from the front. Six companies of the Seventh infantry under Colonel Gilbert, and Company B of 3d cavalry under Lieutenant Hunter, went forward from here to-day. General Crook, will probably reach here Monday evening. The mail from the South is now due and important news is confidently looked for.

CHIEF O URAY'S ORDER.

WASHINGTON, October 6.—The following has been received at the Indian Bureau from Agent Stanley. "Los Pinos (Colorado).—A runner just in from White River agency reports that the agent and employees are killed. There has been a fight with the troops in which the officers in command were killed. The troops are surrounded away from any water supply and their trains have been captured. Chief Ouray, head of the Ute nation, sends the following order to his people by a runner: "You are hereby requested and commanded to cease hostilities against the whites, injuring no innocent persons, or any others further than to protect your own lives and property from unlawful and unauthorized combinations of horse thieves and desperadoes, as any thing further will ultimately end in disaster to all parties."

WHERE THE INDIANS GET THEIR ARMS.

DENVER, October 5.—A despatch received here from Laramie City says its believed the Utes obtain their supply of arms and ammunition from the Mormons, who will furnish all they want. Arrivals from Salt Lake report a belief there that the Mormons had something to do with the outbreak. They are delighted at having a military force centered at Ute territory. The Utes have been reinforced by Arapahoes and Uintah Utes.

ARMS AND AMMUNITION WANTED.

DENVER, Col., Oct. 3.—The following has been received by Governor Pitkin: OURAY, Col Oct. 4.—Dispatch received; military organized; everything in readiness for the worst. If the news from the agency is unfavorable will have the women and children in the park removed to town. We feel amply able to hold our own. D. F. DAY.

Gover Pitkin also received a dispatch from Lake City asking for arms, and saying the Indian chief Ouray had notified the whites to protect themselves; that he is powerless and can afford no protection. Captain Richards has gone to Indian Creek to seize ammunition destined for the Indian agency. Ouray is supposed to be friendly. Governor Pitkin has sent arms and ammunition south in charge of General Daniel Crook who will have charge in that section. Governor Pitkin telegraphed to Pope three times yesterday for arms and ammunition and also asked him to order troops from Texas and the Indian Territory that were on their way to Pagosa Springs to proceed to Lake City.

Miscellaneous Foreign News.

LONDON, October 6.—The Cabinet council was summoned for to-day. The *Standard's* Simla correspondent says: "The report that the garrison of Sutergardan is entirely cut off from Ali Khyle and Kuski is false. General Roberts' force is detained to-day by difficulties in procuring transportation, but will arrive at Cabul to-day. Orders were issued to shoot the marauders in Afghanistan wherever seen. Reports are continually coming in from Mandalay of the barbarities committed on persons suspected as looking to the British for protection.

Boyd, the oarsman has expressed an intention to cross the Atlantic to attempt to win the championship.

The iron ship-builders and boilermakers association of Stockton-on-Tees have resolved upon a strike, unless their masters ratify their action relative to the reduction of wages.

The *Times* says Lorillard's Parole has been supported perhaps for more money than any horse in the contest for the Cesarewitch stakes which comes off at New Market to-morrow (Tuesday). He is certainly well handicapped but nevertheless jockeys who have ridden him think he cannot stay the course, which is over two miles and a quarter in length. His trainer and owner, however, are confident of his winning.

The Duke of Beaufort, proprietor of large estates in England and Ireland, replying to the Glamorganshire (Wales) correspondent relative to the prospects of British agriculture, concludes it is impossible to compete with American wheat production. He advises the British farmers to devote their attention to raising cattle.

The Russian press makes a fresh outburst of hostility against England and Germany. The St. Petersburg *Navoc Vremya* says: "Sooner or later war of life and death with England is inevitable; the only question now to be considered is which is the most available route to Hindoostan.

The *Daily Telegraph* states the following: The government has signified to the British Government their acquiescence in the new international code of ocean and river signals and rule of road at sea, just issued by order in council, viz: France, Germany, Russia, United States, Italy, Spain, Portugal, Belgium, Denmark. Sweden, the Netherlands, Austro-Hungary, Greece and Chili. The new rules and signals will come into use everywhere on the 1st September 1880. In the meantime all the candidates for certificates of proficiency in carrying them out will undergo examination.

Higher Wages Demanded.

LOUISVILLE, Oct. 5.—The concessions by the furniture manufacturers of Louisville to the demands of the cabinet makers, and also that of the Louisville & Nashville railroad to its shop hands, have worked up a general feeling among the tradesmen for higher wages. All the Louisville and Nashville laboring hands held a meeting last night and petitioned the management for more salary.

Large Fire.

LONDON, October 6—2:30 P. M.—A large fire is now raging in Holywell street, Strand; the fire broke out at No. 49, occupied by John Carigan, hatter, which together with No. 50, occupied by John B. Leno, printer, and other shops on the opposite side of the street are already gutted. The buildings of the entire street are in danger of destruction.

LATER.

3:30 P. M.—The fire in Holywell street, Strand, has been extinguished; the damage is inconsiderable; the first report was exaggerated. Only one house, No. 49, in which the fire originated, was burned down, the adjacent houses which were reported to be on fire are only damaged by heat and water.

Sororicide and Suicide.

NEW HAVEN, Oct. 5.—Mrs. Martha Baldwin poisoned her imbecile and widowed sister, Mrs. Dickerman, and then poisoned herself. Both will probably die. Mrs. Baldwin was paid for ten years by her sister's conservator for her care. Her sister was to be removed to the hospital, and Mrs. Baldwin dreaded the loss of the weekly stipend from the conservator and probably was laboring under the influence of liquor.

From Memphis.

MEMPHIS, October 6—10 A. M.—Two new cases reported this morning, Annie Weiman and William Harris. The last named was colored.

Hon. John Johnson, superintendent of quarantine left for Nashville to attend the State Board of Health meeting which convenes tomorrow.

Weather damp and cloudy.

The Pedestrians.

NEW YORK, October 6.—At noon Curran had made the highest score in the walking match, 58 miles, 5 laps. Blower Brown had made but 32 miles, 4 laps.

LATE STATE NOTES.

Morganton Blade.

The cattle in the lower part of Caldwell county are dying with distemper. Many of the citizens have been losers.

We regret exceedingly that the painful accident which occurred to General J. Jones sometime since, has necessitated another surgical operation. Owing to this misfortune the General has gone to seek relief at the hands of surgeons abroad.

Charlotte Observer.

All the cotton brought in now is of the best grades. "Stains" can't be bought.

The mills—those that have water enough to keep them running—are busy grinding new corn for home consumption.

There is a rumor that a Republican paper is to be started in the city soon and that a man from Wilmington is coming up to run it. No further particulars.

Last Thursday, in the field of Mr. Byrum, in Berryhill, township, this county, Mr. W. R. Byrum picked 472 pounds of cotton and Ben Nance, colored, who was working for and with him, picked 471. When two men go into a field and in one day pick out 943 pounds of seed cotton, you may depend upon it they haven't allowed any grass to grow under their feet.

Mt. Airy Visitor.

We have had several killing frosts in this section. Some loss of tobacco sustained, though not serious. The tobacco is curing up finely and good prices are expected.

The molasses industry in this county is assuming large proportions. We are glad to see our farmers taking hold in this direction. Let the merchants keep home-made molasses for sale in their stores and encourage the farmer.

Money matters are in a deplorable condition. Why it could be so scarce is hard answer. One thing is plain and it is this: unless the people of the county ship off products enough to bring in as much money as it requires to pay for the dry-goods, etc., brought here, money will continue to get scarcer.

Newbernian.

It is estimated that the Government pays in pensions to persons living in New Berne and immediate vicinity, one thousand dollars per quarter. There are three pensioners of the war of 1812 residing in this city.

But little interest seems to be manifested in this immediate vicinity, in the State fair, which commences at Raleigh on the 13th instant. We regret this, as an exhibition of the products of this section is sure to attract attention to its fertility.

Piedmont Press.

Hog cholera is raging fearfully in Cline's township. A number of the citizens have lost nearly all their stock.

Messrs. Hall Brothers have shipped over seventy thousand pounds of dried fruit and berries during the past week.

Asheville Journal.

A very large bear was seen in Henderson county the other by a compositor of this office.

Two large rattle snakes were killed by "ye local" seven miles from town on the Henderson road last Sunday afternoon. No. 1 was the possessor of seven rattles and a button, while No. 2 contented himself with three rattles and a button:

Friday night about 4 o'clock as we were looking out of our window, we saw a large fiery meteor sweep through the air in a southwardly direction at a velocity truly surprising. It bursted as it was fading out of sight, and left what appeared to be three balls of fire which were visible for at least eight or ten seconds.

A large quantity of molasses cane was grown in this section this season and those who make molasses are now busily engaged at that busines.

The tobacco barn and contents of Mr. S. B. Bailey, of Turnesburg township, Iredell county, were burned one night last week. It is very unfortunate when a man works hard all summer and makes a crop of tobacco to have it burned up in the very last stages of its preparation for the market.

A subscriber writing us from the top of the mountain says: "We had white frost here and the weather is cold in earnest. The railroad track is completed six miles in Buncombe county and will soon be finished nine miles. There is a mountain car fitted up on the Buncombe side which runs in connection with the regular train, which is very convenient to the traveling public. The stage now stops at the widow Hemphill's. The work on this road generally is progressing finely.

Civil Service Reform.

Mobile Register.

One feature of John Sherman's "financial policy" is that he declines to permit his clerks to be assessed for the benefit of Conkling's man Cornell in New York, while 80,000 employees have been fleeced to run the Ohio campaign.

A Fortunate Thing.

Mobile Register.

Upon the whole it is fortunate for Hart, the colored pedestrian, who made $8,000 in the walking match at New York the other day, that the Freedman's Savings Bank is no longer in existence.

HETERODOX BAPTISTS.

THE ST. LOUIS BAPTIST CHURCH TROUBLES AGAIN.

Fellowship Withdrawn from a Congregation for Worshipping with Jews---A Bigoted Conference.

St. Louis Globe-Democrat.

The Rev. Dr. Boyd, pastor of the Second Baptist Church of this city, together with his whole congregation, has been suspended from the Baptist fellowship for heterodox preaching and for what is alleged to be unwarranted affiliation with Jews; for holding Baptist meetings in a Jewish synagogue, and for permitting his own church to be used for a joint religious meeting of Jews and Baptists. The offense of Dr. Boyd has been embodied in charges preferred by the Park Avenue Baptist Church of this city, and submitted to the St. Louis Baptist Conference, whose annual meeting began in the Fee Fee Church, near Bridgton, on the 26th ultimo. These charges are comprehended under a general head of heterodoxy and irregularity in practice. They contain sixteen specifications, and have been sustained in the Conference, 27 to 17.

In January last the Second Baptist Church was destroyed by fire, and the Rabbi Sonneschein and his people placed their synagogue, the Temple of the Gates of Truth, at the disposal of Dr. Boyd and his congregation for their Sunday services. The Baptist pastor accepted the Jewish rabbi's offer, and his congregation assembled regularly for worship in the synagogue until a new church had replaced the one that had been burned. One Sunday morning, moreover, among the congregation which attended the Baptist services in the synagogue, was Chancellor Eliot, of the Washington University, a well known divine of the Unitarian faith, and Dr. Boyd invited him to remain to partake of communion. Dr. Eliot accepted this invitation, and some weeks later he referred to Dr. Boyd's action as being a striking instance of liberality on the part of a pastor of a church given to close communion, These utterances by Dr. Eliot were published in an eastern paper, and caused considerable comment.

Again, in June last, the new Baptist church being finished and the services in the synagogue being closed, Dr. Boyd and his people were anxious to publicly acknowledge their indebtedness to the Rabbi Sonneschein and his congregation, and accordingly a joint meeting of Hebrews and Baptists was arranged to be held in the church, and took place there, the pastor and the rabbi fraternally presiding. A still more substantial recognition of the kindness of the Hebrew congregation was the presentation on that occasion of a silver service to the Rabbi Sonneschein. It was to be remarked moreover, that the hymns selected for the joint meeting contained no reference to the Saviour, and this was remarked by the Baptist clergy of the city, who from that time criticised Dr. Boyd's preaching and practice sharply.

It was charged before the Conference that in his preaching, of which his practice was no more than a logical bearing out, Dr. Boyd taught that all men would ultimately be saved: that sects were ordained of God, and needful to the varied views of mankind; that a Jew might be saved without believing in Jesus; that close communion was only an inference drawn from one passage in the Scriptures, that the Baptist denomination was too rigid in its views of communion, that baptism was not prerequisite to communion, only an orderly precedent, and that a man had a right to picture his God according to his needs, and had a right to go to his God in any manner he chose. The charges went on to say that the Second Baptist church, never having demanded of Dr. Boyd an explanation of such language, or repudiated such teachings, was therefore heterodox in principle, and irregularity in practice of the said pastor and his church was specified to be the joint meeting with the Jews and the invitation of the Unitarian divine to partake of the Lord's supper.

There was a very animated discussion, many members of the Conference objecting to pressing the charges against Dr. Boyd and his church. The Rev. Mr. Schofield expressed his painful feeling at the proceedings. He objected to voting charges against the church. He said it was unchristianlike, and referred to the law as laid down by Peter and John, counselling parties with differences to settle one with another. He was in favor of referring the charges back to the Park Avenue Church for presentation to the Second Baptist. "Paul and Peter," he said, "would blush at such a matter as this in associations. They were never made for such occasions. If these two churches can't settle it between themselves by another year, then let them come to us a year from now, when all the delegates can be instructed by their churches how to act in the matter."

Fellowship was withdrawn by the Conference from Dr. Boyd and his church notwithstanding.

Governor and Mrs. Sprague.

Governor Sprague has decided not to recognize the Mrs. Sprague trustee. He will hold Canonchet as far as the law allows for his personal benefit, but will surrender to Mrs. Sprague without delay and without reserve whatever she can prove to be her own. The remainder he will hold for the benefit of an eventual surrender to the creditors of the A. & W. Sprague Manufacturing Company. Thus he antagonizes Z. Chaffee, the trustee of the Sprague estate. He denounces Mrs. Sprague's trustee and her lawyers as conspirators, and threatens to bring an action against them. This attitude will prove annoying to Mrs. Sprague, who will have to fight both her husband and Mr. Chaffee, who dislikes her greatly. The affair cannot be settled without further litigation and all the interested parties are in a state of indignation.

The Precise Condition of Affairs.

Philadelpnia Times.

The battle in New York seems to be settling down to a square contest between the trading elements of both parties with Cornell as their candidate for Governor, and the best elements of both parties with Robinson as their candidate. The traders, of course, run the campaign on the Presidential issue, while the better classes propose to elect an honest and competent chief magistrate for New York.

A Perilous ride in Mid-Air.

New York Tribune, 2d.

An exciting incident, which might have resulted in the loss of several lives, occurred yesterday morning on the Brooklyn side of the East River Bridge. For several days workmen have been engaged in attaching the suspender bands on the part of the cables lying between the Brooklyn tower and the anchorage on that side of the river. Three men, named Blake, Baker and Burns, were at work yesterday about half way between the tower and the anchorage, and Supple was descending the rope ladder extending to the cradle above, when the "buggy on which the men were at work became detached in some way, and it began to descend rapidly toward the anchorage. The rope ladder was torn loose, and Supple was left swinging in the air. He clung tenaciously to the ladder, however, and soon made his way to the cradle. The "buggy" meanwhile was rapidly descending toward the anchorage, and it was feared that the three men would be dashed to pieces against the face of the granite pier. Fortunately it came in contact near the anchorage with some ropes belonging to a temporary structure, and it was stopped with comparative ease. No one was injured.

A Bit of Social Life in England.

Baltimore Sun.

There are not many persons in America who have, at some time or other, not heard of these ladies. They are now residing in London, in one of the fashionable parts, viz.: South Kensington, 47 Emperor's Gate. Now I think a good many in the United States will be astonished when they hear they are shortly to be married to gentlemen of title and fortune, for I was informed a short time since that this was really a fact; but, says the skeptic, how could they, almost strangers, have been so fortunate in their selections of partners for life? Well, you all know that two or three years ago Mrs. Woodhull was engaged to give fifty lectures, commencing in London, at St. James' Hall. She appeared for ten nights, but was suddenly taken ill, and by her doctors advised to discontinue; but the secret is, the lady happened to have among her listeners a gentleman of title and fortune, who was fascinated by the eloquence and magnetism of the fair Victoria, and in due time proposed, was accepted, and so shortly she will share his wealth, estates and title. The witty Miss Tennie C. Clafin also is about doing the same thing, for she has been lucky enough to captivate a scion of the British nobility. So, very soon the Kensington Church bells will ring out their merry peal and the "Court Journal" announces among its fashionable marriages the names of these ladies to gentlemen of rank and fortune. And I think it quite a coincidence that these two, comparative strangers in a strange land, should so soon have gained a position in social life as splendid as this. And if a certain "Colonel" should ever hear of this he will doubtless think it strange that Victoria C. at last is to marry into a family of rank, wealth and—*blood!*

How the Utes are Manipulated.

New York World.

A physician who has practiced for many years in the small towns of Colorado, bordering on the Ute Reservation, said to a *World* reporter yesterday: "I was with General Jessup in 1857 when he captured Osceola, and ever since that time I have been familiar with Indians and their ways. The Utes are a set of thieving scoundrels who are the tools of agents, and whom the latter use for every political or personal end they wish to reach. These little wars are easily managed. The agents get their cue that a sensation is wanted and immediately they call for troops to protect them, so that they can cultivate their gardens in peace. The troops are sent to the reservations. This makes the Indians angry and they fly to arms, and then the war begins. What matter if a few soldiers and an officer or two are killed! The country is now in a flutter and the Government wishes it had a million men to erase three hundred beggarly Ute Indians from the face of the earth. Naturally unthinking people will fall into the trap, and when the Grant 'boom' comes along and the Indian story is told they feel that they want the soldier at the head of state affairs. Any Ute, Sioux or other Indian war can be squelched within one short week after its outbreak. Let the Government telegraph to the mayor of Leadville, Col., a town of thirty thousand inhabitants, mostly miners, situated about one hundred and twenty miles from Milk River, and authorize him to issue a call for ten thousand volunteers to assist in putting down the outbreak. Within twenty-four hours the men will be there armed and equipped without cost to the Government. The mayor can put the sheriff of the county at the head of this party, and within four days you will hear the last of the Ute war and possibly the last of the Ute nation. But so long as agents are going to make money assisted by the Government, and so long as the third-term 'boom' is wanted, we must expect these little things to occur."

Another Conductor Mangled.

Charlotte Observer, 5th.

At 2 o'clock yesterday morning Conducter H. C. Tanner, of the Atlanta and Charlotte Air-Line Railroad, was at Gaffney City with his freight train. He gave the signal to the engineer to move into the side track and just after the train started attempted to climb up the little ladder way on the side of the cars. In some way he lost his hold on the ladder and fell, striking the platform in such a way as to throw his body under the wheels. One his legs was instantly cut off about the knee. The lower part of the leg was badly mangled, but we are informed that his wound while intensely painful, is not necessarily dangerous. Mr. Tanner's family live in Augusta, and he has a brother who is now the United States consul at Liege. He has had several narrow escapes, his last before this being on an occasion when he was caught between two cars, at which time only the small size of his body saved him.

A Short Cotton Crop.

Charlotte Observer.

Intelligent farmers freely express the opinion that there will not be over two-thirds of a crop of cotton in the county this year, and some go so far as to say the proportion will be very little if any over a half. The reason assigned for this low estimate is that only the July blooms were fully developed, and that as a consequence they are getting nearly all the cotton that the stalk will produce on the first picking. The August bolls are small and in some regions very few. That which bloomed still later, they say, will hardly have time to open before frost. All the farmers who talked with the writer of this agree in this statement, and it is therefore worthy of consideration.

A Reduction in Telegraph Tariff.

The Western Union Telegraph Company has reduced the tariff to all points where it has hitherto been over $2 to $2 for ten words. Beginning on the 1st of November all offices of the Western Union Company will be made half-rate offices. Only the principal offices are now half-rate offices.

No Rose Without a Thorn.

New York Star.

"I wish to gracious we'd get to that dock," exclaimed Merritt, the pedestrian, on reaching Bridgeport, Conn., his home. "I am tired of this infernal nonsense. Anybody would take me for Grant."

If some enterprising fellow would low corner the market on Dr. Bull's Cough Syrup he could make his fortune; for there are thousands who would rather pay double the retail price than be without this valuable remedy.

THE FREEDMAN'S BANK.

PLAN OF THE SPECIAL COMMITTEE OF THE SENATE.

The Officials Having Plundered the Bank, the Commissioners Propose to Plunder the Treasury.

New York Sun.

The special committee of the Senate appointed to investigate the Freedman's Bank will report in favor of the Government's purchasing the buildings erected and occupied by that institution at Washington and at Jacksonville, Fla., as a means of declaring another dividend to the defrauded depositors. In other words, it is proposed to saddle a part of the Ring villainy on the taxpayers at large by paying out of the Treasury a round price for this property.

Even under the amended charter, which opened the door to the frauds and robbery of the bank, there was no power conferred to erect buildings of any kind. This authority was assumed by the trustees, who were connected with the Seneca Sand Stone Ring, in which Grant and most of his set were interested, and of which the bank at Washington was in part constructed. All the Rings at that time played into each other's hands, and made common cause against the Treasury. They were protected, favored, and supported by the Administration, and especially by Grant, who defied public opinion and openly consorted with the thieves and knaves who organized and carried on this system of plunder.

The proposition to buy the remaining property at a cost of a third of a million is not new. It was suggested after the first investigation by the House, and has been repeated since then by those who would like to have this matter of the Freedman's Bank buried out of sight for the benefit of the Republican party.

More than five years have passed since three Commissioners were authorized by a Republican Congress to close up the affairs of the bank after the explosion in 1873. That act was hardly more friendly than the previous one which deliberately destroyed all security for the poor and ignorant depositors, but allowing the trustees to loan the deposits on real estate and other so-called property, the value of which was to be determined by themselves and by a Finance Committee composed of notorious ringsters.

The last report of these Commissioners shows what it cost to nurse their fat places from July, 1873, to December, 1874. The figures are simply astounding, and ought to be called legalized robbery of the remaining assets of a broken bank into which the helpless negro was entrapped by his pretended friends in and out of Congress. Here are the items furnished by the Commissioners to the Treasury Department in answer to a resolution of the Senate:

Salaries of Commissioners from July 13, 1874, to Nov. 30, 1878,	$39,558 32
Salaries of agents,	64,229 57
Advertising, stationery, expressage, postage, and other ordinary expenses,	11,761 09
Attorneys' fees and costs,	31,378 82
Rents,	9,231 32
Expenses incident to loans, insurance, advertising, auctioneers' fees, expenses of foreclosure, &c,	28,236 34
Expenses incident to the maintenance of properties, insurance, repairs, fuel, gas, &c.,	40,145 04
Taxes and arrearages of taxes	78,735 40
Prior encumbrances,	12,381 54
Miscellaneous expenses, &c.,	3,096 30
Total,	$318,753 64.

This sum is about three-fifths of a dividend of twenty per cent. on the total deposits, and it was mainly expended for salaries, attorneys, and incidental charges. A number of patriots have been living freely and making money for five years past out of the little that was left for the freedmen by the plunderers. The delay that has occurred in winding up the institution was by no means accidental. It has been carefully cultivated to such an extent that thirty-three thousand five hundred and sixty-one depositors, entitled to $46,612.01, did not respond to the first dividend, and thirty-nine thousand eight hundred and eighty-two depositors, entitled to $47,508.44, failed to appear for the second dividend. Death and distress had thinned their ranks, and under the present system there would be few left at the next dividend, should one ever be declared.

The books of the bank were mutilated and tampered with to hide the rascalities that cropped out in all directions. The trustees and the officials and the managers were all concerned in the villainy. But no attempt was ever made to prosecute them criminally, or to pursue their property in civil suits, because Grant's administration extended its shelter over the whole gang. Now it is proposed to pay for their thievery from the public treasury.

The Death of Captain Tuttle.

Lenoir Topic.

Caldwell county now mourns the loss of one of her best citizens—Captain William A. Tuttle, who died at his residence in this county last Saturday evening at 8 o'clock.

Captain Tuttle was a native of this county, and the son of Mr. Robert Tuttle, our former sheriff. He married Miss Harshaw, daughter of the late Alfonza Harshaw, who, with two children—both girls—survive him. His age was thirty-eight.

Than the deceased there was no better or more gallant soldier in the Southern army. He enlisted under Captain William Jones (Pettigrew's regiment), in the first company that went from this county, and served nobly and faithfully throughout the whole four years of the war. He was noted for conspicuous acts of gallantry on several occasions, and especially at Gettysburg.

A Curious Bug.

Charlotte Observer.

Mr. J. E. Selby, of Long Creek township, exhibited at the *Observer* office yesterday a most singular bug. It was of extraordinary size for a bug and had horns on its head like a rhinoceros. Its feet were forked, and when any object was put at its mouth it would shut down on it with the grip of a terrapin. The most singular part, however, is that when found half of its body was black and the other half a mottled brown; put into the air-tight bottle in which it is kept it becomes black all over, and taken out it assumes all over its back and body the mottled hue, the brown predominating. It is certainly a very singular bug; no one here had ever seen one like it.

The New Fish Hatchery.

Morganton Blade.

We are informed that the Fish Hatchery is now ready for the reception of the installment of salmon eggs which are expected to arrive by express from McCloud River, California within a few days. Last week the water was turned into the building and it was found that the arrangement of hatching apparatus is complete in all its workings. The capacity of this hatchery is seven hundred and twenty thousand salmon eggs with water capacity and house room for much more extended work if necessary. The conveying water pipe leading down to the hatchery from the asylum was put in last week and there is nothing now to interrupt the commencement of the season of slow winter hatching which is peculiar to the family of *salmonidae*. In a short time the mountain trout will be brought down from the former Hatchery at Henry's and placed into the ponds at Lake Side when the place will assume an air of life and interest. After the arrival of the salmon eggs we would advise every one who can to go over and see the developments of one of the most singular and interesting arts of the period.

STOLEN TREASURES RECOVERED.

Remarkable Discovery of Stolen Bonds and Altar Ornaments.

Baltimore Sun.

In September, 1878, during bank hours, the National Bank of Baltimore was robbed of two tin boxes, one containing $35,000 in bank notes, belonging to the bank, and the other containing bonds of various coal and other companies, aggregating $28,000, deposited by the late Colonel William B. Boone, together with stock certificates and private papers.

Since the robbery detectives have failed to find any trace of the stolen property. On Friday last a young man, while hunting in the woods near Woodberry, about three miles from this city, saw two men prospecting with an iron bar, apparently sounding for something buried. On Tuesday last, while gunning in the same vicinity, he saw two men digging at the same place, and they finally drove off without finding what they were in search of.

At night the young man, with several friends, went to the spot and, after digging a while, unearthed a tin box, which proved to be that deposited by Colonel Boone, with all the stolen bonds and a number of Boone's private papers. No trace of the other box was found.

In 1845 the Catholic church at Martinsburg, W. Va., was broken into and robbed of all its altar ornaments, among which were a half dozen heavily plated candelabra. On Monday last three candelabra were found by a hunter buried in the woods near Martinsburg, where they had lain thirty-four years.

Why He Was Ordered Away.

Boston Herald.

A subscription agent for John Russell Young's book on Grant's trip around the world was ejected from the treasury the other day. He was told that it was against the rules to allow canvassing agents in the building during office hours. He agent explained that he thought his presence in the treasury was not any more in violation of the rules than the recent work of a campaign agent in soliciting subscriptions for the Ohio fund. While he was not told the fact, yet he left the treasury firm in the opinion that his mission would not help the Sherman boom, and therefore he was ordered away.

County Commissioners.

There was a full meeting yesterday, Mr. Poole, chairman, and Messrs. Allen, Brown, Jinks and Jones being present.

Relief from payment of poll tax, on account of physical disability, was granted in several cases.

Hardy Poole was appointed to keep rafts from Battle's Bridge for one year.

Ordered, That the assessors of Raleigh township be authorized to divide the valuation of all real estate lying partly within and partly without the corporate limits of the city of Raleigh, so as to show the valuation of that part lying within the city limits and subject to city taxation, the present gross valuation not to be disturbed. The county is not to pay the additional compensation to the assessors.

Ordered, That the Clerk of the Superior Court make demand upon John Armstrong and Albert Magnin for the return to his office of record books in their possession, the same not having been bound and indexed within the time given for this work.

Ordered, That the use the of court room and grounds be granted Major Robert Bingham as barracks for the Bingham Cadets during Fair week.

Lawful notice having been given, the prayers of the following petitioners were granted:

Petition of Samuel Watts and others, of St. Mary's township, praying that the path leading from the Smithfield road, near Auburn, to the Wilmington road, at or near Dick Sanderford's, be made a county road.

Petition of E. J. Jones, J. A. Heartsfield and others of Wake Forest township, praying that the public path running through the lands of said Jones and Heartsfield and of Charles Dunn, be made a public road.

Petition of W. H. Chamblee, J. R. Pearce and others of Little River and Mark's Creek townships, praying the laying out of a road from Wakefild to Earpsboro.

A public road was made of a path from the Fayetteville road, near Holland's church, to the Smithfield road, near Rand's mill.

A public road was granted from the Orange county line near the residence of C. Lowe, and running through the lands of P. Lowe and others, including those of P. H. Barbee.

The compromise relating to the new road from W. R. Poole's mill to the Sugg place having failed, the road heretofore laid out to run by Bedy Buffaloe's and the line of the old road, coming into the Tarboro road at the Sugg place, was, upon petition, received.

A large number of accounts were allowed, including many for the poor house, and considerable aid was extended to the outside poor.

Some school business was transacted in the way of appointing committeemen to fill vacancies. A petition to divide school district No. 3, in House's Creek township was rejected. The repairing of Middle Creek bridge was awarded to J. H. Partin at $39.00.

The Board then adjourned till this morning at 10 o'clock.

Bankruptcy.

A general order in bankruptcy has been issued by the district judge, from which it will be seen that all bankruptcy cases are to be closed on or before Febuary 1, 1880. After that time no discharges can be obtained or other proceedings had. Let all concerned take notice and govern themselves accordingly.

Given Away.

A magnificent fall and winter Colored Fashion Plate, with directions, will be given away with No. 626 of THE NEW YORK FIRESIDE COMPANION. The words and music of the popular song, "Dublin Bay," are given in the supplement of the same number of the paper. THE NEW FIRESIDE COMPANION is for sale by all newsdealers. The subscription price is $3 a year. Address George Munro, 17 to 27 Vandewater street, New York.

THE COMING FAIR.

DONATIONS FROM ALL QUARTERS COMING IN.

A Fine Dislay of Horses Expected—Notes of Interest Relating to the Big Show Next Week.

The following are donations to the North Carolina Agricultural Society for the 19th annual State Fair, at Raleigh, October 13th, 14th, 15th, 16th, 17th and 18th next. (Acknowledged by C. B. Denson, Secretary, in behalf of the Executive Committee.)

One coat pattern, fine cadet jeans. one coat pattern medium mixed; one do black; one do. extra black; one do extra tweeds; two patterns for pants, of Kerseys; two do. Kerseys No. 10; three do. light tweeds, $19.55, given by F. & H. Fries, cotton and wool manufacturers, Salem, N. C. This is not the first time that we have been indebted to our generous friends in Salem. The Messrs. Fries have established a reputation for the sterling value of their goods, which any firm might be proud of, and the best part of it is the fact that this has been acquired by the faithful labor of North Carolinans for many years past.

One selection of varnishes, given by Valentine & Co., 323 Pearl street, New York. These gentlemen manufacture largely of varnish for carriage building and other fine work. They have a branch house in Chicago. We are indebted to Messrs. Tyson & Jones, of Carthage, for favorable mention to this house. Messrs. T. & J. will exhibit a line of superior vehicles at the fair.

One selection of wheat drill points, given by John B. Jones, Mount Pleasant, Delaware. It is claimed that these are superior in quality to all other points and they are made to fit all drill boots.

One line of sample goods, given by James E. Reynolds, manufacturer of carpet warp, twine, bats, wicks, bags, etc., 98 Reade street, New York. We have here a donation of the useful kind in variety, and express our cordial thanks to the generous donors.

FAIR NOTES.

Horses are on their way to the Fair from Winston, sent by H. S. Fay, Esq., of Wytheville, Va.

Frank Goode will send some good horses, Clytie and Dan Rice, for the Fair from Henderson.

Persons who can take boarders during fair week should leave their names at the office of the Agricultural Society.

The Remingtons make a fine display of guns etc. at the Fair through A. & A. G. Alford, their Baltimore agents.

J. C. Hundly, of Knapp of Reeds, exhibits his "tobacco orderer" at the Fair. Those interested had better look out for it.

Colonel John D. Whitford brought intelligence that New Berne will be represented by three or four horses at the Fair.

Attention is called to the important circulars of the State Board of Health, which will be distributed in Floral Hall at the Fair.

It is gratifying to learn that the celebrated vineyard of C. W. Garret & Co., of Littleton, will be represented at the Fair by a fine exhibit of wines.

Mrs. S. A. Elliott, the accomplished authoress, is getting up an exhibit for the Fair among the ladies of Granville. Her inventions will also be on hand.

M. D. McNeill sends a bag of cotton from Richmond county to the Fair, put up in extra neat and handsome style. It is the Simpson cotton.

Mr. George Leach, so well known in our city and a native of Chatham county, now with H. K. Thurber & Co., will bring a fine trotting horse to the Fair.

Andrew Joyner, Esq., of Weldon, brings several fine horses to the fair, a lot of first class chickens, etc. We are happy to see Weldon on hand.

Stephen Henley of Pittsborough will have a remarkable water elevator at the Fair, which is said to possess many advantages over ordinary pumps.

William Wyche, Esq., of Weldon, will bring horses to the Fair. Also a very fine animal from Elizabeth City will be here, brought by Mr. Caldwell of that place.

The Catawba Manufacturing Co., of Catawba N. C., will exhibit their goods at the Fair; also their lime, with specimens of the limestone from which it is prepared.

Better times comes, goods rising, money coming into the country, cotton opening well to the last, the people are in good spirits, rain ahead to lay the dust, and every body is coming to the Fair. Get ready for Fair week.

Entries from the ladies of Wilmington, Wilson, Oxford, Hillsboro, and other points are coming in very well. It is hoped Raleigh will be represented in full force. Some handsome articles will be on hand from Kernersville, never before represented, we believe

Reduced Rate of Fare Over the Wilmington & Weldon Railroad.

Visitors to Raleigh, attending the 19th Annual Fair of the North Carolina Agricultural Society, on the 13th, 14th, 15th, 16th, 17th and 18th days of October, 1879, will be transported over the Wilmington & Weldon railroad at the following fares:

Beautifiers.

Ladies, you cannot make fair skin rosy cheeks and sparkling eyes with all the cosmetics of France or beautifiers of the world while in poor health, and nothing will give you such good health, strength, buoyant spirits and beauty as Hop Bitters. A trial is certain proof. See another column.

DAILY NEWS

TUESDAY, OCTOBER 7, 1879.

GEO. C. JORDAN, Editor and Prop'r.

GENERAL GRANT shows better taste than General Sherman in talking to ex-Confederates.

THE sweet assurance is given postmasters by Postmaster General Key that they shall not suffer from refusals to contribute to campaign funds.

THE nomination of General Hancock or General McClellan by the Democrats next year would be a very sagacious move.—*Boston Herald.*

We cannot indorse the above statement; we do not believe that either one would prove a successful candidate. Mr. Tilden at present seems to have the inside track, but should circumstances preclude his nomination the ticket that would be the strongest, in our belief, is Bayard and Palmer.

IT has been a long time since change was as scarce as it was yesterday. The banks were nearly all out and the demand couldn't possibly be supplied.—*Charlotte Observer.*

And yet the bondholders' organs keep up the incessant howl about depreciated silver. If it wasn't for the premium that necessarily attaches to gold during the period of an inflated paper currency there would be very little denunciation of the much despised silver.

A LONDON dispatch informs us that the ancient firm of Woodhull and Claflin are abont to take matrimonial partners from the English aristocracy. This is extremely likely. A society which makes Sara Bernhardt a *lionne* might be expected to embrace such splendid leopards—whether or no they could exchange their spots. But how is Mrs. Woodhull to carry on her campaign for the next Presidency of the United States if she fulfills this new programme. Her withdrawal at this date may throw the election into the House—a contingency which we cannot contemplate without a shudder.

REFERRING to the New York campaign, the Springfield *Republican* (Independent Republican) says:

George William Curtis comes to the support of the independent Republican movement in New York. To all intents and purposes he makes its platform his own. It is a matter for deep regret that no other man in New York city of equal prominence gives the movement personal support. It has reached the point where moral backing and material backing are vitally necessary to make its success sweeping. As matters stand, it has received unexpected encouragement through New York State from thinking Republicans, and the predictions of machine organs that the movement would make no headway are already proved false,

THE New York Independent Republican movement promises well, and is doing well. An executive committee has been appointed, money raised for a campaign fund, and the State is to be thoroughly canvassed. So far, friends of the movement have appeared in two-thirds of the counties of the State, and the organization has already gone far enough to make it certain that scratched Republican tickets, with the names of Cornell and Soule absent, will be present at many polls through the State. As neither party is claiming a large majority in the canvass for Governor, it will take the loss of but very few votes to defeat Cornell.

THE manufacturers of envelopes and writing paper are beginning to complain that they are forced to compete with the Government, which sells postal cards and envelopes at a loss ultimately made up by taxation. The *Paper Trade Journal* thinks that the present system of furnishing envelopes through the postoffice at a loss reckoned at about 33 per cent on the actual cost of manufacture and distribution, is both unfair to the taxpayers, on whom the burden falls unequally, and injurious and unjust to a great manufacturing interest. The *Postoffice Gazette* attributes much of the large yearly deficit of the Postoffice Department to its traffic in stamped envelopes, wrappers and postal cards, and is apparently of the opinion that if the department confined itself to what may be considered its legitimate functions letters could be carried all over the United States for two cents single rate postage.

THE STANDARD OF THE ARMY.

As was to be expected the Radical press have commenced to attack a Democratic Congress for reducing the army to the standard now existing, claiming that the defeat of Major Thornburg may be attributed to this fact alone. To support this claim they quote General Sherman as saying:

Why, we have but 25,000 men in the whole United States Army, 5,000 of whom are clerks. They are non-combatants—hospital men, cooks, etc. What are they good for in a fight. There are not more than 20,000 soldiers scattered over Colorado, Idaho, Arizona, Oregon and other points that need protection from predatory raids from the Indians. The other day about 150 were ambushed by the Indians and 13 of our best men were killed, two or three of them being officers. The railroads are assembling forces to go to the relief of this command, and they no doubt have been succored by this time. If the border is to be protected so that the public domain may be empowered and built up like your own beautiful city and country, then the army must be maintained at such a standard as can cope with the hostiles. We cannot fight these Indians without men. There are the Utes, Cheyennes, the Arapahoes and other tribes that need attention, and that is the reason I want you, my old comrades, to use your influence with your Congressmen to have the army strengthened.

What right or reason has General Sherman to attribute the outbreak to the smallness of the army? Why doesn't he claim, as he did several years ago, that if the Indian Bureau was transferred to the War Department the outrages against the Indians would cease and we would hear no more of these savage butcheries? But no, General Sherman is a soldier, and there is nothing more gratifying to a military man than the honor of a large command.

"We have but 25,000 men in the whole United States army, 5,000 of whom are clerks," Just think of it, one clerk out of every squad of five men! This is economy with a vengeance. What are all these clerks doing? A company clerk is merely on "daily duty," and is or should be classed as a combatant; the adjutant and sergeant-major ought certainly be able to take care of their regimental business; there are no corps headquarters as during the war, yet this army of 25,000 men requires more clerks than the whole army of the Potomac did. Talk about 5,000 clerks—chop off one cipher and then there would be three hundred too many.

Meanwhile General Sherman, while junketing with the President at Indianapolis, cries out to his audience to demand of their Congressmen more men. "We have but 25,000 men in the whole United States Army," says he, "and 5,000 of them are clerks." Not more than 20,000 troops for picket service on the frontier and political terrorism at the polls. General Sherman forgot to announce, and the thoughtless crowd forbore to ask him, what the necessity was for a larger army or, indeed, for any army in the Far West. Could he point to any instance within the past quarter of a century of a treaty between the United States and an Indian tribe being broken by the Indian? Absolutely not one. In every case the treaty has been dishonored by the United States Government and not by the Indian. In every instance the thieves of the Indian ring have cheated and starved the red man to desperation and then employed the white soldier, made indeed for nobler things than to kill and be killed in such a contest, to drive off the cheated Indian from his coveted territory, or butcher him and his little ones on their own soil.

"But if the border is to be protected and the public domain built up, then the army must be maintained at such a standard as can cope with the hostiles." Why did the Government grant these reservations to the Indians, if it did not intend they should settle there? Of course the Government confidently expected, as it always does when the boundaries of a new Indian reservation are defined by treaty, that the Ute territory would not be wanted for mines or settlement. This seemed not unlikely. The currents of emigration had flowed for a generation north and south of the Ute reservation, The mountains were practically inaccessible and the best maps of trails and rivers in the southern part of the reservation were made by the Jesuits three centuries ago. To-day the entire region is one of the of the best mapped districts in the country, thanks to the Hayden survey, and the most promising mining region in the West. The Ute war became certain when the San Juan mining region was discov. ered six years ago, and miners swarmed into the Indian country. A "treaty" was made and the surrendered a big slice of the southern end of their reservation, leaving a square of white territory with Ute land on three sides of it. Unfortunatefy mining claims and indications do not follow the smooth, straight lines the commission drew on the map in 1873. Miners crossed the reservation line, were attacked by the Indians, defended themselves, and kept up that state of uneasy hostility sure to break out into war. A year ago another commission took the matter in hand, negotiated another "treaty," carved another slice off the Ute land, confirmed their title a third time, and drew more straight fine lines, to which the miners paid small attention. The irruptions of settlers have raised disturbances all over the reservations, but the troubles have been worst at the north. The head chief of the Indians at the Uncompahgre agency, Ouray, is a man of civilization, who drives his wagon, plows his land and wears "store clothes." By the exercise of rough justice and occasionally shooting a backslider into barbarism, Ouray has kept very tolerable order. North, matters have been in a bad way for months. Two Indian chiefs, Colorow and Douglass, have been wandering from place to place in petty lawlessness and nursing their wrongs. They were helped by the character of the site selected for an agency. "The situation of the White River agency," says the last report of the Indian commissioner, "is the worst possible in all respects, unless it should be the intention to keep the Indians as national paupers. It is accessible for teaming only two months in the year, the soil is not good; and why the location was chosen at all for an Indian agency is a profound mystery. All the Ute Indians should be removed at once to the Indian Territory." As a matter of course the recommendation was not heeded by Congress. Petty troubles have been allowed to fester till they have swollen to the dimensions of a small Indian war on the eve of winter in the most inaccessible part of the West.

POLITICAL NOTES.

Governor Robinson was more numerously ratified in New York than John Kelly, but not so noisily.

John Sherman's campaign for the Presidency, like the march on Cabul, is getting very slow and circumspect.

Colonel Thomas M. Holt is spoken of as a probable candidate for Governor, in this State, on the Democratic ticket. —*Durham Register.*

It will take a very long course of fireworks, serenades and gushing speeches to make the people forget Grant's two terms in the White House.—*New York Sun.*

A prominent politician of Louisiana, speaking of the political situation in that State, says the Democrats are split up, a house divided against itself and the Republicans are without organization or leaders.

We are to have two papers in Greensboro, both Democratic. All right, gentlemen, wade in. "We welcome you with bloody hands to a hospitable grave."—*Greensboro North State.*

Mr. Hayes had better take his show home. It don't attract public attention any more. It is Mr. Grant's Grand Colossal Seven Elephant Exhibition that is drawing the crowds now.—*Columbus Democrat.*

The Republicans first claimed they would carry Ohio by at least 50,000 majority. Three weeks ago it had dwindled to 30,000; two weeks since to 14,000, and now they have ceased crowing altogether, for the fact has just dawned upon them that if they carry Ohio at all it will be by the "skin of their teeth."—*Anderson Democrat.*

Congratulations From the Treasury.

Secretary Sherman has issued a circular, through Assistant Secretary Hawley's literary bureau, congratulating the people that the 4 per cent. loan has been placed without any loss to the government. The occasion for this was the payment by the syndicate for the bonds, which payment has been overdue since the middle of August. No charge was made that the government had lost anything, but that the government was aiding pet banks to make money out of the bonds.

How Great Men Die.

Since the death of Speaker Kerr and Senator Morton, of Bright's Disease, it has been noticed and noted that a large number of our public men and leading business men die too early from the same or a similar cause. By using Warner's Safe Cure, their diseases will be cured, and their valuable lives prolonged. The time is coming when, because of this remedy, no one will die of such diseases as Bright's and Daibetes.

A Well-Known American Author.

Referring to his own complete restoration to health through the use of "Compound Oxygen," after many years of invalidism and exhaustion from over-work. T. S. Arthur, the well known American author, says, in his *Home Magazine*, under date of February, 1878: "Drs. Starkey and Palen are physicians in regular standing, of high personal character, and above the suspicion of quackery or pretense. A new curative agent has come into their possession, and their administration of it, so far, has resulted in restoring to health many who had regarded their ailments as incurable, and in giving back a good measure of health to a large number of invalids who had vainly sought for help through other means of cure." The testimony of others as well known to the public will be found in our Treatise on the Nature, Action, and Results of "Compound Oxygen." It is mailed free. Address, DRS. THE GENUINE

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with tax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER

DR. C. McLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. McLANE'S LIVER PILLS.

The genuine McLANE'S LIVER PILLS bear the signatures of C. McLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. McLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

GOSSIP FOR THE LADIES.

St. Peter's Warning.

A little "Pull-back" sought one day
The gates of Paradise;
St. Peter wiped his spectacle;
And rubbed his ancient eyes.

And throngs of female angels came
With curious gaze, the while
Intent, as ladies always are,
To see the latest style.

The saint put on his glasses then,
And observations took,
"What! what!" he said, "this traverses
The laws of 'mustn't look.'

"Tied back in front! piled up behind!
'Twill never do, I fear!
The thing is too ridiculous;
You cannot enter here."

What did she do, my curious friend?
She got behind a tree,
And in a jiffy out she came
As angels ought to be.

St. Peter kissed her then, and said,
"Pass in, my little dear,
But mind, you mustn't introduce
Such naughty fashions here."

Cuticura

THE GREAT SKIN CURE,

The most Healing, Soothing and Refreshing External Application in the World.

It rapidly heals Ulcers, Old Sores, and Discharging Wounds; Itching Piles and other itching affections that have been the torture of a lifetime, thus affording unspeakable gratification to thousands; Burns, Scalds, Wounds and Fester; all Itching and Scaly Eruptions of the Skin, and all Affections of the scalp, including Loss of Hair. Nothing like it has ever been known to the most intelligent physicians. It has swept a host of poisonous remedies out of existence. It is revolutionary in its composition and mode of treatment and succeeds in curing every external affection. At every stage it is ably assisted by CUTICURA SOAP, which is a part of itself medicinally and at the same time the most delightfully fragrant and refreshing Toilet, Bath, and Nursery Soap in existence.

CUTICURA RESOLVENT, a powerful purifying agent and liver stimulant, should be taken to neutralize and resolve away blood poisons, caused by the virus of scrofula, cancer, canker, malarial or contagious diseases, which maintain and foster diseases, which maintain and foster diseases of the skin and scalp.

SALT RHEUM.

Life a burden from the sufferings caused by this terrible disease.

MESSRS. WEEKS & POTTER—Gentlemen: Please accept my most grateful thanks for the great, very great, comfort I have received from the use of your CUTICURA.

For the past eight or nine years I have been troubled with that dreadful disease, Salt Rheum,

For months I would be helpless,—my very life a burden to me.

I have used everything in the shape of medicine, both external and internal, but with no effect.

My hands were in a terrible condition, the backs of them being all raw, and I thought I would try CUTICURA.

I tried it, and lo! it was as if a miracle had been performed, for I will take my oath that in three applications my hands were as smooth as a new-born babe's.

I presume there are hundreds, if not thousands, who know of my case, among whom there may be some one similarly afflicted, and if so I would earnestly advise him to give CUTICURA a trial.

Yours, very thankfully,
A. D. BAKER, Ticket Agent C. S. R. R.

Tetter or Salt Rheum

On the hands cured. A greatful letter.

MESSRS. WEEKS & POTTER—Gentlemen:—Having been troubled for many years with the Tetter or Salt Rheum, I spent many a hard-earned dollar. I was given a trial of your CUTICURA, and, thank God, my hands are well. I never had anything do me good like that.

You may put this in the paper and welcome, and may it do some other poor sufferer the same good it has done me! I am well known here, having lived here almost fifteen years and kept boarders for a living, and sometimes my heart was sore, thinking I would have to give up altogether with my sore hands, and having a small family to take care of; but oh! thank God, my hands are well, so I again return thanks.

Yours respectfully,
ELIZABETH BUCKLEY.
LITTLETON, N. H., May 30, 1878.

The CUTICURA REMEDIES are prepared by Weeks & Potter, Chemists and Druggists, 360 Washington Street, Boston, Mass., and are for sale by all Druggists. Price of Cuticura, small boxes, 50 cents; large boxes $1. Resolvent, $1 per bottle. Cuticura Soap, 25 cents per cake; by mail, 30 cents; 3 cakes, 75 cents.

TUTT'S PILLS

SYMPTOMS OF A
TORPID LIVER.

Loss of Appetite, Bowels costive, Pain in the Head, with a dull sensation in the back part, Pain under the shoulderblade, fullness after eating, with a disinclination to exertion of body or mind, Irritability of temper, Low spirits, with a feeling of having neglected some duty, Weariness, Dizziness, Fluttering at the Heart, Dots before the eyes, Yellow Skin, Headache generally over the right eye, Restlessness with fitful dreams, highly colored Urine.

IF THESE WARNINGS ARE UNHEEDED, SERIOUS DISEASES WILL SOON BE DEVELOPED.

TUTT'S PILLS are especially adapted to such cases, one dose effects such a change of feeling as to astonish the sufferer.

CONSTIPATION.

Only with regularity of the bowels can perfect health be enjoyed. If the constipation is of recent date, a single dose of TUTT'S PILLS will suffice, but if it has become habitual, one pill should be taken every night, gradually lessening the frequency of the dose until a regular daily movement is obtained, which will soon follow.

Dr. I. Guy Lewis, Fulton, Ark., says:
"After a practice of 25 years, I pronounce TUTT'S PILLS the best anti-bilious medicine ever made."

Rev. F. R. Osgood, New York, says:
"I have had Dyspepsia, Weak Stomach and Nervousness. I never had any medicine to do me so much good as TUTT'S PILLS. They are as good as represented."

DAILY NEWS

Entered at the Postoffice at Raleigh, N. C., as second-class matter.

TUESDAY, OCTOBER 7, 1879.

Weather Report.

WASHINGTON, Oct. 6.

For the South Atlantic States cloudy or partly cloudy weather, with rain; brisk easterly winds; stationary or lower temperature; stationary or higher barometer.

Index to New Advertisements.

PROF. SCHATZ—Wanted.
JOHN C. BLAKE—Bank Statement.
P. A. WILEY—Bank Statement.
A. SQUIRE—Musical Instruments.
ALFRED WILLIAMS—Local notice.

LOCAL BRIEFS.

——Revenue receipts $1,434.60.

——Nine and a quarter, nine and three eighths.

——Something over a hundred bales yesterday.

——The churches were all well attended Sunday.

——The pavement in front of the market has been finished.

——Colonel W. J. Saunders, Secretary of State, is in the city.

——The county commissioners were in session to-day. See report of proceedings elsewhere.

——Old bonds to the amount of $21,100, were received for exchange at the State Treasury yesterday.

——Chief Justice Smith and wife and Mrs. W. W. Smith will be absent in New York city a month or more.

——The funeral of the child of Mr. Deichtl took place from his residence, at the Federal cemetery, Sunday afternoon.

——The Fair, roller skates, theaters and "sich like" all next week, and the man who doesn't enjoy himself has only himself to blame.

—— Rev. Dr. Wilson, presiding elder, delivered two very able sermons Sunday morning and night at the Person street Methodist church.

——Metropolitan Hall is being overhauled and generally cleaned up preparatory for the Fair. The Foy Sisters perform in it next week.

——Mr. A. J. Partin, chief clerk to the State Auditor, is at his post again, having returned from a trip to the western portion of this State.

——Rev. W. S. Black, pastor of the Edenton street Methodist church, is unwell. No service at that church Sunday night in consequence.

——As the county commissioners will doubtless get through with their business to-day, it will be well for all having business with them to see to its transaction immediately.

——Only seventeen thousand men, women, children and dogs and cats, all counted, in Wilmington. Raleigh will just go you a few better when her census is taken next year.

——Sheriff H. C. Kearney arrived on last night's northern train in company with one Albert Copeland, colored, who is charged with robbery. Albert is brought here for trial and is the guest of jailer Bryan until court meets.

——Drummers' licenses were yesterday issued the following business houses: R. W. Powers & Co., Richmond, Va.; Butler, Pitkin & Co., New York city; Skinner & Co. Baltimore; Baxter & Bird, Baltimore.

——The Haywood property was yesterday sold for $13,725; Mr. Alfred Williams, Mrs. E. Burke Haywood, and Dr. W. J. Hawkins being the purchasers. Dr. Hawkins afterward assigned his bid to A. W. Haywood, Esq.

——A memorial meeting will be held at the St. Augustine church to-morrow evening at 7:30 o'clock, in respect to the Rev. George H. C. Cooper, late teacher at the St. Augustine School, and assistant rector of the above church.

——A local advertisement reflecting on the manufacture and quality of the "Capadura" cigars appeared on Saturday's issue of the NEWS, which was wholly unwarranted. This brand of cigars is well known and has become deservedly popular. The fact that it is for sale by the reliable house of E. J. Hardin would be a sufficient guarantee of their worth.

A Good Dinner

Cannot be prepared without the aid of a good "Cook Book." The best ones, adapted to our southern market, are "Mrs. Elliott's Cookery," price $1.50; "Mrs. Mason's Housewife," $1.75; "Mrs. Henderson's Practical Dinner Giving," price $1.75. Sold by Alfred Williams & Co.

Unmailable Matter.

Letters addressed to the following parties are held at this post-office, the postage being insufficiently prepaid.

Miss Fannie Holleman, Winton, Hertford county N. C.
R. K. Blake, Niccosnikil, Florida.

Procession of Trades Meeting To Night.

The work of the demonstration by the mechanics and men of business of our city, on Wednesday of Fair week is going forward bravely. It is stated that quite a number of gentlemen have been added to the list already published. Do not forget that those interested must be present at a meeting to-night at the office of the Agricultural Society, over the law office of Messrs. Battle & Mordecai. Go and lend your aid.

The Rev. G. A. C. Cooper.

The executive committee of the trustees of St. Augustine's Normal School and Collegiate Institute, at a special meeting held on the 3d instant, ordered the following minute, prepared, according to their appointment, by the Rev. M. M. Marshall, D. D., and the Rev. J. E. C. Smedes, in regard to the decease of the Rev. G. A. C. Cooper, to be entered upon their records and also to be published in the newspapers of the city:

The sudden and lamented death of the Rev. George A. C. Cooper, an assistant teacher in our school, while it invites an expression of our sorrow for the loss which we have sustained, and of our sympathy with his afflicted widow, renders appropriate our recognition of his very superior worth and valuable services.

Entering the school as a pupil in 1873, he was advanced to a post of tuition in the fall of 1874. Upon his admission to the diaconate on the 4th of June, 1876, after an examination in which he manifested marked proficiency in the knowledge of the Holy Scriptures and the prayer-book, he not only aided the principal in conducting the religious services of the school, but also assisted in maintaining divine service, and carrying on pastoral work, in St. Augustine's church, in this city. He did not, however, relax his labors as a student, and, after a satisfactory examination as to his literary qualifications, he was admitted, in July of this year, as a candidate for priest's orders. His remarkable politeness, his cheerful readiness to be of service to others, his unfailing good nature, his patience and self-control under all trials, his prudence and discretion in his intercourse with all classes of men—these, and other excellant traits, together with his earnest religious character and his activity and perseverance in well doing won for him universal respect and esteem, and gave shining promise of still increasing usefulness. He has been summoned to an early reward, while he, and his friends too, thought that his work was but just begun.

JOHN E. C. SMEDES,
Secretary Executive Committee of Trustees of St. Augustine Normal School and Collegiate Institution.
Raleigh, N. C., Oct. 3, 1879.

Lincke's Gymnasium.

Certainly Mr. Lincke is an enterprising man, and full of resources. Last summer after a drowning casualty he proposed fitting up a swimming bath, and succeeded admirably, it becoming a place of resort for the youth of both sexes of our most respectable families. He now proposes, to fit up a gymnasium in the Adams building—in fact the work is nearly finished, as he states he will have it in readiness about the 10th. The hall is ample, being over eighty feet in length by sixty in width. It will comprise a skating rink, bars and trapeze for gymnastics, and a shooting gallery. Perfect order will be maintained and ladies who choose to attend can do so with comfort to themselves, and enjoy the pleasure of roller skating free from any annoyance. As a health developing exercise skating is undoubtedly the best winter sport, and as we cannot have the real ice to any extent, we must use the substitute.

The Reward Claimed.

The German Government offered a reward for the discovery of a cure for Bright's Disease, which had baffled the skill, not only of the German doctors, but of doctors the world over. The cure is found, its name is Warner's Safe Kidney and Liver Cure, and H. H. Warner & Co. claim the reward.

UNITED STATES DISTRICT COURT,
EASTERN DISTRICT OF NORTH CAROLINA.
IN BANKRUPTCY.

At Chambers, in Elizabeth City in said District, on the 30th day of September, 1879, before Hon. George W. Brooks, Judge.

GENERAL ORDER.

WHEREAS, By an Act of Congress approved June 7, 1878, the Act of March 7, 1867, entitled "An Act to Establish a Uniform System of Bankruptcy Throughout the United States," together will all subsequent amendments thereto, was repealed, to take effect on the 1st day of September, 1878, except as to proceedings commenced prior to said first day of September, 1878; and

WHEREAS it is deemed expedient that all pending cases should be speedily closed, and the papers therein filed in the office of the Clerk of the respective District Courts:

IT IS THEREFORE ORDERED, That the Registers in Bankruptcy in and for said District, having charge of unsettled estates in Bankruptcy, shall close up such estates without further delay, and file in the office of the proper Clerk of this Court, all the papers belonging to such estates on or before the 1st day of February, 1880, excepting therefrom only such cases as, upon good cause shown upon certificate of the Register in charge, may hereafter be directed in Special Order of the Court to the contrary.

Let this order be certified by Geo. E. Tinker, Clerk, to the Clerks of the District; by the Clerks to the Register, and by the Register to every Assignee having charge of unsettled estates in Bankruptcy.
